CC32xx I2C application

CC32xx I2C application

Overview

The Inter-Integrated Circuit (I2C) bus provides bi-directional data transfer through a two-wire design (a serial data line SDA and a serial clock line SCL), and interfaces to external I2C devices. On the LaunchPad there are two sensors connected over the I2C namely Accelerometer and Temperature sensor. The I2C lines are also brought out on the header for further expansion (to connect to sensors on booster packs).

Application details

The objective of this application is act as an I2C diagnostic tool. The demo application is a generic implementation that allows the user to communicate with any I2C device over the lines.

The features supported by the application are:

- **I2C write:** Performs write operation to the specifed I2C device address. User also needs to specify if the stop bit needs to be set or not (To support specifying and reading from a particular register).
- I2C Read: Performs I2C read from the specified I2C device address.
- I2C Readreg: Is a combination of I2C write (without stop bit) + I2C read. This is useful to get register values from the specified register offset from a I2C device.

This command assumes the register offset to be 1 byte.

• I2C Writereg: Performs an I2C writes from the specified offset register. This command assumes the register offset to be 1 byte.

Note: The write and read are core APIs that follow the I2C specification for its operation. They are generic and can be used to communicate with any I2C device.

Note: The readreg and writereg are ready to use APIs that internally invoke the read and write functionality. These have been provided for ease of use and is not guaranteed to work for all I2C devices due to some assumptions made.

Source Files briefly explained

- main: Prompts and services the user options by invoking the i2c_if APIs.
- i2c_if: I2C access interface APIs. This works in a polled mode of operation.
- pinmux: Pinmux configurations as required by the application.
- **startup_***: Tool specific vector table implementation.
- uart_if: To display status information over the UART

CC32xx I2C application

Usage

Note: For this application to work, one needs to populate jumpers at j2 and j3 on LP 3.x

1. Setup a serial communication application (HyperTerminal/TeraTerm). For detail info visit Terminal setup On the host PC, open a hyperterminal, with the following settings

• Port: 2nd enumerated COM port

• Baud rate: 115200

• Data: 8 bit • Parity: None • **Stop:** 1 bit

• Flow control: None

- 2. Run the reference application (Flashing the bin/IAR/CCS).
 - Open the Project as mentioned in the 'docs\CC3200-Getting Started Guide.pdf'
 - · Build and download the application to the board
- 3. On the Hyperterminal, a prompt appears
 - The I2C commands need to be issued and the results can be seen

CC3200 I2C Example Usage

Commands:

```
write <dev_addr> <wrlen> <<byte0> [<byte1> ... ]> <stop>
read <dev_addr> <rdlen>
writereg <dev_addr> <reg_offset> <wrlen> <<byte0> [<byte1> ... ]>
readreg <dev_addr> <reg_offset> <rdlen>
```

Parameters:

dev_addr - slave address of the i2c device, a hex value preceded by '0x' reg_offset - register address in the i2c device, a hex value preceded by '0x'

wrlen - number of bytes to be written, a decimal value

rdlen - number of bytes to be read, a decimal value

bytex - value of the data to be written, a hex value preceded by '0x'

stop - number of stop bits, 0 or 1

Vote: The user can determine the device address of a particular component by looking at its respective datasheet.

- The temperature sensor used is tmp006, and its device address (dev_addr) is 0x41
- The accelerometer sensor used is bma222, and its device address (dev_addr) is 0x18

For instance

• To read the manufacturer id register (0xFE) of the temperature sensor (0x41), the command will be

readreg 0x41 0xFE 2

• To read the "who am i" register (0x00) of the accelerometer sensor (0x18), the command will be

readreg 0x18 0x00 1

Snapshot of the Hyperterminal when the application starts.

CC32xx I2C application 3

Limitations/Known Issues

- 1. This example exercise only standard speeds(100Kbps and 400Kbps) for I2C clock. High speed(1 Mbps and 3.3 Mbps) I2C clocks are supported in driverlib, but not exercised in this example.
- 2. Populating the jumpers J2 and J3 will turn the LED D5 and D6 on and hence will not be available for use.

License

THE WORK (AS DEFINED BELOW) IS PROVIDED UNDER THE TERMS OF THIS CREATIVE COMMONS PUBLIC LICENSE ("CCPL" OR "LICENSE"). THE WORK IS PROTECTED BY COPYRIGHT AND/OR OTHER APPLICABLE LAW. ANY USE OF THE WORK OTHER THAN AS AUTHORIZED UNDER THIS LICENSE OR COPYRIGHT LAW IS PROHIBITED.

BY EXERCISING ANY RIGHTS TO THE WORK PROVIDED HERE, VOU ACCEPT AND AGREE TO BE BOUND BY THE TERMS OF THIS LICENSE. TO THE EXTENT THIS LICENSE MAY BE CONSIDERED TO BE A CONTRACT, THE LICENSOR GRANTS YOU THE RIGHTS CONTAINED HERE IN CONSIDERATION OF YOUR ACCEPTANCE OF SUCH TERMS AND CONDITIONS.

License

1. Definitions

- "Adaptation" means a work based upon the Work, or upon the Work and other pre-existing works, such as a translation, derivative work, arrangement of music or other alterations of a literary or artistic work, or phonogram or performance and includes cinematographic adaptations or any other form in which the Work may be recast, transformed, or adapted including in any form recognizably derived from the original, except that a work that constitutes a Collection will not be considered an Adaptation for the purpose of this License.

 "Collection" means a collection of literary or artistic works, such as encyclopedias and anthologies, or performances, phonograms or broadcasts, or other works or subject matter other than works listed in Section 1(f) below, which, by reason of the selection and arrangement of their contents, constitute intellectual creations, in which the Work is included in its entirety in unmodified form along with one or more other contributions, each constituting separate and independent works in themselves, which together are assembled into a collective whole. A work that constitutes a Collection will not be considered an Adaptation (as defined below) for the purposes of this License.

 "Creative Commons Compatible License" means a license that is listed at http://creativecommons of compatible licenses or a Creative Commons or seem seem that is stored at http://creativecommons or possible and adaptation as defined below) for the purposes of this License, including, at a minimum, because that license; (i) contains terms that have the same purpose, meaning and effect as the License Elements as this License.

 "Distribute" means to make available under that Licenses or a Creative Commons invisitation license with the same License.

 "Distribute" means to make available to the public the original and copies of the Work or Adaptation, as appropriate, through sale or other transfer of ownership.

 "License Elements" means the following high-level license attributes as selected by Licenses and licenses or a c
- otherwise considered a literary or artistic work.

 "You" means an individual or entity exercising rights under this License who has not previously violated the terms of this License with respect to the Work, or who has received express permission from the Licensor to exercise rights under this License despite a previous violation.

 "Publicy Perform" means to perform public recitations of the Work and to communicate to the public those public recitations, by any means or process, including by wire or wireless means or public digital performances; to make available to the public Works in such a way that members of the public may access these Works from a place and at a place individually chosen by them; to perform the Work to the public by any means or process and the communication to the public of the performances of the Work, including by public digital performance; to broadcast and rebroadcast the Work by any means including signs, sounds or images.

 "Reproduce" means to make copies of the Work by any means including without limitation by sound or visual recordings and the right of fixation and reproducing fixations of the Work, including storage of a protected performance or phonogram in digital form or other electronic medium.

2. Fair Dealing Rights

Nothing in this License is intended to reduce, limit, or restrict any uses free from copyright or rights arising from limitations or exceptions that are provided for in connection with the copyright protection under copyright law or other

3. License Grant

d conditions of this License, Licensor hereby grants You a worldwide, royalty-free, non-exclusive, perpetual (for the duration of the applicable copyright) license to exercise the rights in the Work as stated

- to Reproduce the Work, to incorporate the Work into one or more Collections, and to Reproduce the Work as incorporated in the Collections; to create and Reproduce Adaptations provided that any such Adaptation, including any translation in any medium, takes reasonable steps to clearly label, demarcate or otherwise identify that changes were made to the original Work. For example, a translation could be marked "The original work was translated from English to Spanish," or a modification could indicate "The original work has been modified."; to Distribute and Publicly Perform the Work including as incorporated in Collections; and, to Distribute and Publicly Perform Adaptations.

 For the avoidance of doubt:

- i. Non-waivable Compulsory License Schemes. In those jurisdictions in which the right to collect royalties through any statutory or compulsory licensing scheme cannot be waived, the Licensor reserves the exclusive right to collect such royalties for any exercise by You of the rights granted under this License;
 ii. Waivable Compulsory License Schemes. In those jurisdictions in which the right to collect royalties through any statutory or compulsory licensing scheme can be waived, the Licensor waives the exclusive right to collect such royalties for any exercise by You of the rights granted under this License; and,
 iii. Voluntary License Schemes. The Licensor waives the right to collect royalties, whether individually or, in the event that the Licensor is a member of a collecting society that administers voluntary licensing schemes, via that society, from any exercise by You of the rights granted under this License.

 The above rights may be exercised in all media and formats whether now known or hereafter devised. The above rights include the right to make such modifications as are technically necessary to exercise the rights in other media and formats. Subject to Section 8(f), all rights not expressly granted by Licensor are hereby reserved.

 4 Poetricitions

d in Section 3 above is expressly made subject to and limited by the following restrictions:

- license granted in Section 3 above is expressly made subject to and limited by the following restrictions:

 You may Distribute or Publicly Perform the Work only under the terms of this License. You must include a copy of, or the Uniform Resource Identifier (URI) for, this License with every copy of the Work You Distribute or Publicly Perform. You may not offer or impose any terms on the Work that restrict the terms of this License or the ability of the recipient of the Work You Distribute or Publicly Perform. When You Distribute or Publicly Perform the Work, You may not sublicense the Work. You must keep intact all notices that refer to this License and to the disclaimer of warranties with every copy of the Work You Distribute or Publicly Perform. When You Distribute or Publicly Perform the Work, You may not impose any effective technological measures on the Work that restrict the ability of a recipient of the Work from You to exercise the rights granted to that recipient under the terms of the License.

 This Section 4(a) applies to the Work as incorporated in a Collection, but this does not require the Collection apart from the Work itself to be made subject to the terms of this License. If You create a Collection, upon notice from any Licensor You must, to the extent practicable, remove from the Collection any credit as required by Section 4(c), as requested. If You create an Adaptation, upon notice from any Licensor Form the Collection apart from the Work itself to be made subject to the terms of this License. If You create a Collection, upon notice from any Licensor Form the Collection apart from the Work itself to be made subject to the terms of this License from any Licensor Form the Collection apart from the Work itself to be made subject to the terms of the Adaptation under one of the License.

 This Section 4(a) applies to the Evert Adaptation to the Adaptation to the Adaptation to the Collection apart from the Collection apart from the Collection apart from the Collection apart from the Collection apar
- that recipient under the terms of the Applicable License. This Section 4(b) applies to the Adaptation as incorporated in a Collection, but this does not require the Collection apart from the Adaptation itself to be made subject to the terms of the Applicable License.

 If You Distribute, or Publicly Perform the Work or any Adaptations or Collections, You must, unless a request has been made pursuant to Section 4(a), keep intact all copyright notices for the Work and provide, reasonable to the medium or means You are utilizing: (i) the name of the Original Author (or pseudonym, if applicable) if supplied, and/or if the Original Author and/or Licensor designate another party or parties; (ii) the title of the Work if supplied, and/or if the Original Author and/or Licensor designate another party or parties; (ii) the title of the Work if supplied, in the case of an Adaptation, a credit identifying the use of the Work in the Adaptation (e.g., French translation of the Work by Original Author, or "Serveraphy based on original Work by Original Author)". The credit required by this Section 4(c) may be implemented in any reasonable manner, provided, however, that in the case of a Adaptation or Collection, at a minimum such credit will appear, if a credit for all contributing authors. For the avoidance of doubt, You may only use the credit required by this Section of the purpose of attribution in the manner set out above and, by exercising Your rights under this License, You may not implicitly or explicitly assert or imply any connection with, sponsorship or endorsement by the Except as otherwise agreed in writing by the Licensor or as may be otherwise permitted by applicable law, if You Reproduce, Distribute or Publicly Perform the Work either by Island author, Licensor and/or Attribution Parties.

 Except as otherwise agreed in writing by the Licensor or as may be otherwise permitted by applicable law, if You Reproduce, Distribute or Publicly Perform the Work either by Island and the original Author, Senor or reputation.

5. Representations, Warranties and Disclaimer
UNLESS OTHERWISE MUTUALLY AGREED TO BY THE PARTIES IN WRITING, LICENSOR OFFERS THE WORK AS-IS AND MAKES NO REPRESENTATIONS OR WARRANTIES OF ANY KIND CONCERNING
THE WORK, EXPRESS, IMPLIED, STATUTORY OR OTHERWISE, INCLUDING, WITHOUT LIMITATION, WARRANTIES OF TITLE, MERCHANTIBILITY, FITNESS FOR A PARTICULAR PURPOSE,
NONINFRINGEMENT, OR THE ABSENCE OF LATENT OR OTHER DEFECTS, ACCURACY, OR THE PRESENCE OF ABSENCE OF ERRORS, WHETHER OR NOT DISCOVERABLE. SOME JURISDICTIONS DO NOT
ALLOW THE EXCLUSION OF IMPLIED WARRANTIES, SO SUCH EXCLUSION MAY NOT APPLY TO YOU.

6. Limitation on Liability
EXCEPT TO THE EXTENT REQUIRED BY APPLICABLE LAW, IN NO EVENT WILL LICENSOR BE LIABLE TO YOU ON ANY LEGAL THEORY FOR ANY SPECIAL, INCIDENTAL, CONSEQUENTIAL, PUNITIVE
OR EXEMPLARY DAMAGES ARISING OUT OF THIS LICENSE OR THE USE OF THE WORK, EVEN IF LICENSOR HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES.

This License and the rights granted hereunder will terminate automatically upon any breach by You of the terms of this License. Individuals or entities who have received Adaptations or Collections from You under this License, however, will not have their licenses terminated provided such individuals or entities remain in full compliance with those licenses. Sections 1, 2, 5, 6, 7, and 8 will survive any termination of this License.

License 5

Subject to the above terms and conditions, the license granted here is perpetual (for the duration of the applicable copyright in the Work). Notwithstanding the above, Licensor reserves the right to release the Work under different license terms or to stop distributing the Work at any time; provided, however that any such election will not serve to withdraw this License (or any other license that has been, or is required to be, granted under the terms of this License), and this License will continue in full force and effect unless terminated as stated above.

8. Miscellaneous

- Each time You Distribute or Publicly Perform the Work or a Collection, the Licensor offers to the recipient a license to the Work on the same terms and conditions as the license granted to You under this License. Each time You Distribute or Publicly Perform an Adaptation, Licensor offers to the recipient a license to the original Work on the same terms and conditions as the license granted to You under this License. If any provision of this License is invalid or unenforceable law, it shall not affect the voltage under applicable law, it shall not affect the voltage received in the remainder of the terms of this License, and without further action by the parties to this agreement, such provision shall be reformed to the minimum extent necessary to make such provision valid and enforceable.

 No term or provision of this License shall be deemed waived and no breach consented to unless such waiver or consent shall be in writing and signed by the party to be charged with such waiver or consent.

 This License constitutes the entire agreement between the parties with respect to the Work licensed here. There are no understandings, agreements or representations with respect to the Work not specified here. Licensor shall not be bound by any additional provisions that may appear in any communication from You. This License may not be modified without the mutual written agreement of the Licensor and You.

 The rights granted under, and the subject matter referenced, in this License were darfied utilizing the terminology of the Berne Convention for IbyGo, the WIPO Copyright Treaty of 1996, the WIPO Copyright Treaty of 1996, the WIPO Copyright Treaty of 1996, the WIPO Performances and Phonograms Treaty of 1996 and the Universal Copyright Convention of as revised on July 24, 1971). These rights and subject matter take effect in the relevant jurisdiction in which the License terms are sought to be enforced according to the corresponding provisions of the implementation of those treaty provisions in the applicable analysis to the
